Competitors, whose age allows them, may compete in two consecutive divisions, i.e. Junior and Young Rider or Young Rider and Senior. However, they must compete on different horses.

14.3.2 The following rules are to be used for all Championship divisions and Teams Competitions.

14.3.3 The Championship comprises Three Competitions, two Qualifying Competitions and a Final Competition, each taking place on a different day. For the Senior Australian Championship there must be a break of one day between the Second and Third Competitions. It is recommended that for the other Championships, that where possible, there is a break of one day between the Second and Third Competitions

14.3.4 The obstacle dimensions and speed of the competitions are to be advised in the Championship schedule.

The maximum heights for the competitions are:

Division	First Qualifier	Second Qualifier	Final
Children	1m	Max 1.05 – 1.10m	Max 1.10 – 1.15m
Junior	1.20m-1.25m	1.20m-1.25m	1.25-1.35m
Young Rider	1.30m-1.35m	1.30m-1.40m	1.35m-1.45m
Senior	1.40m-1.45m	1.50m-1.60m	1.50m-1.60m

14.3.5 Allocation of Points for the two Qualifying Competitions

The winner of each Competition gets one point more than the number of starters in the First Qualifying Competition. The second placed gets two points less than the winner, the third placed three points less than the winner, and so on.

Athletes eliminated or retiring: Athletes who have been eliminated or have retired in the initial round of the first two Competitions do not get points.

Equality of points among Athletes: Points won by Athletes who are tied are added up and divided equally. Fractions of 0.5 and more are rounded up; fractions of less than 0.5 are rounded down.

Transformation of points to penalties

After the Second Qualifying Competition points are transformed into penalties. The Athlete with the highest number of points after the two Competitions will have 0 penalties. For all other Athletes the number of penalties will be calculated by multiplying with the coefficient of 0.50 the difference between their number of points and the points of the leading Athlete after the two Competitions.

In this procedure all decimals are rounded down.

Classification The overall Champion will be the Athlete with the lowest number of penalties after the three Competitions.

An Athlete who qualifies for Round B of the third and Final Competition but who does not start in that Competition will be ranked after Athletes who started in both Round A and Round B of the Final Competition.

If Athletes are tied for first place after the three Competitions, there will be a jump-off against the clock over a reduced course of at least six obstacles. In case of equality of penalties and time in this jump-off a second jump-off, against the clock, will be held over the same course. Athletes not in the jump-off but tying on penalties will be separated for the purpose of the Final overall classification by their time in the second round of the Third Competition.

Starting order for Second Qualifying Competition and Final

In the Second Qualifying Competition, the starting order is according to the reverse order of points allocated after the First Qualifying Competition.

The starting order in Rounds A and B of the Third Competition is, respectively, according to the reverse order of penalties (i.e. points transformed into penalties) after the second Qualifying Competition, and after Round A of the Third Competition.

Athletes with equality of points (after the first Qualifying Competition) or penalties (after the second Qualifying Competition or after Round A of the Third Competition) will retain the same starting order among themselves as in the previous Competition or round, whichever is applicable.
