Allocation of Points for the First and Second Qualifying Competitions

The winner of each competition gets one point more than the number of starters in the first qualifying competition. The second placed gets two points less than the winner, the third placed three points less than the winner, and so on.

2025 Pet Circle Australian Jumping Championships.

Entries open Tuesday 30th September at 10am and close Sunday 5th October at 11pm

Athletes eliminated or retiring: Athletes who have been eliminated or have retired in the initial round of the first two competitions do not get points and are not eligible for the third and final Competition.

Equality of points among Athletes: Points won by Athletes who are tied are added up and divided equally. Fractions of 0.5 and more are rounded up; fractions of less than 0.5 are rounded down.

Transformation of points to penalties

After the second qualifying competition points are transformed into penalties. The Athlete with the highest number of points after the two competitions will have 0 penalties. For all other Athletes the number of penalties will be calculated by multiplying with the coefficient of 0.50 the difference between their number of points and the points of the leading Athlete after the two competitions. In this procedure all decimals are rounded down.

Classification

The overall Champion will be the athlete with the lowest number of penalties after the three Competitions. An athlete who qualifies for Round B of the third and Final Competition but who does not start in Round B will be ranked equal with other athletes who started in Round B and are eliminated or retired in Round B of the Final Competition. If athletes are tied for first place after the three Competitions, there will be a jump-off against the clock over a reduced course of at least six obstacles. In case of equality of penalties and time in this jump-off a second jump-off, against the clock, will be held over the same course. Athletes not in the jump-off but tying on penalties will be separated for the purpose of the Final overall classification by their time in the second round of the Third Competition.

Starting order for Second Qualifying Competition and Final

In the Second Qualifying Competition, the starting order is according to the reverse order of points allocated after the First Qualifying Competition. The starting order in Rounds A and B of the Third Competition is, respectively, according to the reverse order of penalties (i.e. points transformed into penalties) after the second Qualifying Competition, and after Round A of the Third Competition. Athletes with equality of points (after the first Qualifying Competition) or penalties (after the second Qualifying Competition or after Round A of the Third Competition) will retain the same starting order among themselves as in the previous Competition or round, whichever is applicable.

Design and construction

The design and construction of all obstacles with regard to safety and technical suitability must be approved by the Technical Delegate and Course Designer. The minimum diameter of poles used in all Championship Competitions must be at least 9 cm. Should a dispute arise relating to these obstacles, the Technical Delegate has the final decision.

Water jump

The water jump must be used in the first qualifier with rails above, and without rails in the first round of the final competition of the Championship for Seniors, Young Riders and Juniors. For Seniors it must be dug in. An above ground water jump is allowed for Young Riders and Juniors.

Athletes who elect not to start in Round B will not be replaced and will be placed equal.

Starting order: The starting order in Round B of the Third and Final Competition is, according to the reverse order of penalties (i.e. points transformed into penalties) after the Second Qualifying Competition, and after Round A of the Third and Final Competition.

Determination of the Australian Champion

The overall Champion will be the Athlete with the lowest number of penalties after the three Competitions. An Athlete who qualifies for Round B of the third and Final Competition but who does not start in Round B will be ranked equal with other Athletes who started in Round B and are eliminated or retired in Round B of the Final Competition.
